country. Under the National Malaria Eradication Programme—a centrally sponsored plan scheme (category-II), organised control measure for Malaria are being undertaken. This has resulted in bringing down the incidence of malaria to 1.48 million cases in 1987 against 6.47 million cases reported in 1976.

There is no plan scheme for the control or eradication of Kala-azar and Japanese Encephalitis. However, necessary remedial measures are being taken under NMEP (Rural) for carrying out insecticidal spray operation for the containment of spread of these diseases.

The amount spent by various States/U.Ts. on National Malaria Eradication Programme (Rural & Urban) on operational cost is given in the Annexure. [*See* Appendix CXLV, Annexure No. 54] The expenditure incurred specifically on Kala-azar & Japanese Encephalitis has not been reported by the States/U.Ts. to this Ministry.

(d) The proposal was placed before the Central Council of Health and Family Welfare and in its meeting held in February, 1988, the Council recommended an integrated programme for control of Malaria and other vector borne diseases like Filaria, Japanese Encephalitis and Kala-azar.

Inquiry into the working of Asiatic Society of India

1556. DR. R. K. PODDAR:
SHRI MOSTAFA BIN QUASEM:

Over staffing in Air India

1558. SHRI AJIT P. K. JOGI:
SHRI PRITHIBI MAJHI:

Will the Minister of CIVIL AVIATION be pleased to state:

(a) whether it is a fact that "Air India" is grossly over-staffed making it non competitive compared to other international carriers;

(b) if so, what action is being taken to reduce the excess staff; and

(c) whether the managing Director has written a letter to All Air India Employees in this regard and if so, what has been the response to that letter?

THE MINISTER OF HEALTH AND FAMILY WELFARE AND THE MINISTER OF CIVIL AVIATION (SHRI MOTI LAL VORA): (a) to (c) Compared to several international carriers, staff strength of Air India is more because unlike other international carriers, Air India does not give certain jobs on contract to outside parties. A review of the manpower requirement is undertaken periodically. There has been a gradual reduction in the total staff strength of Air-India in the last few years in spite of increased operations.

The Managing Director, Air-India has addressed a letter to all employees on 9th February, 1988 conveying the plans, hopes and anxieties of the Corporation and the direction proposed to be taken in various matters pertaining to the future and well-being of Corporation. Employees' cooperation has been sought in various areas pertaining to their sphere of activity.

Meningitis in Orissa

1559. SHRI MUKHTIAR SINGH MALIK:

SHRIMATI RENUKA CHOWDHURY:

Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether the Government's attention has been drawn to the news item appearing in 'The Hindustan Times' dated 17th February, 1983 wherein it has been stated that Meningities had claimed more than 74 lives in Orissa;

(b) whether this disease has taken the epidemic shape in the State;

(c) if so, the details thereof;

(d) whether there had been cases of same disease in other States also during the last one year; and

(e) if so, the action proposed to be taken to eradicate this disease?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (KUMARI SAROJ KHAPARDE): (a) Yes, the Government has seen the news item.

(b) and (c) No. Seasonal outbreaks occur in each year practically in every State.

(d) Meningitis occurs as a sporadic disease in different parts of the country in the dry and cold months and cases have occured during the last year in different parts of the country.

(e) The Government is taking appropriate measures to monitor and control of the disease to monitor and control of the disease by detecting the cases of Meningitis and treating them with proper anti-biotics such as pencillin/Chloramphenicol etc. to reduce mortality.
